balancing your hormones can save your marriage as well as your husband s life

many of us do not know what we want out of life until the onset of adulthood when we strive for careers material wealth and the trappings of everyday life yet at the tender age of six katie miller knew precisely the path she wanted to take even if it meant challenging societal norms unfortunately she had no idea that life s idiosyncrasies and unexpected challenges would throw

everything into turmoil from that point forward in a candid retelling of her journey through gender dysphoria and a decision that changed her life forever katie discloses the trials and tribulations the extreme highs and lows the hurdles she encountered the moments she marveled at and the choices she made or did not make and the subsequent consequences as she walked down an often obstacle lined path to realize her true identity she opens her heart and shares her experiences and insights as a transgender woman in order to help anyone struggling to better understand their emotions or experiences and ultimately become the person they want and need to be this is the story of a transgender woman s journey of transition as she learned to live a life without regret and accept her true self moving from night to day

how did menopause change from being a natural and often welcome end to a woman s childbearing years to a deficiency disease in need of medical and pharmacological intervention by examining the history of menopause over the course of the twentieth century houck shows how the experience and representation of menopause has been profoundly influenced by biomedical developments and by changing roles for women and the changing definition of womanhood

explains how a hormonal imbalance can contribute to dozens of physical and emotional ailments including fatigue diabetes osteoporosis and depression and furnishes a number of self help strategies for relieving more than forty different conditions
